Dear Randy,

I wanted to take just a minute to thank you again for your wonderful inspiration at our Iowa Association for Lifelong Learning conference October 10. You are a master presenter and I'm so glad I took notes while you spoke. You gave us much to consider and to work on in our own lives. And you did this all without reading a note!

Thank you, Randy. I hope to attend another of your presentations in the future.

Sincerely,

Jane Lauer
